Welcome to Bear Hound Diaries. This app is designed for serious bear hunters who want to preserve hunt history, track their dogs, and keep a private hunting record that stays securely on your device.

Hound Profiles

Hound Profiles allow you to keep a record of your dogs so you always know which hounds participated in each hunt.

Creating a Hound Profile

1. Open the app 2. Tap 'Create Hound Profile' 3. Enter details such as: • Call Name • Breed • DOB (Date of Birth) • Notes / Temperament / Traits 4. Tap Save Your hound will then appear in the Hound List.

Editing a Hound Profile

1. Open the Hound List 2. Tap the hound you wish to edit 3. Update any information 4. Save your changes This helps maintain accurate dog history over time.

Hunt Journal Entries

The Hunt Journal is the heart of the app. Every hunt you log becomes a permanent record stored on your device. Each hunt entry may include: • Hunt title • Date • Location / Area • Terrain type • Weather & conditions • Track / race details • Outcome (including Off-Game) • Bear harvest details (optional) • Shooter name (optional) • Notes / story • Photos & videos • Hounds that participated Nothing is uploaded — everything remains on your device.

Creating a Journal Entry

1. Tap 'New Hunt' 2. Enter details 3. Select the dogs that ran 4. Add optional photos or videos 5. Save the hunt entry Entries appear in the Hunt Journal Book View, with the newest hunts at the top.

Editing a Journal Entry

1. Open the Hunt Journal 2. Select the hunt 3. Tap Edit 4. Update information 5. Save You can add or remove photos and videos as needed.

Deleting a Journal Entry

1. Open the hunt 2. Tap the trash icon 3. Confirm delete Note: Deleted entries cannot be recovered because data remains stored only on your device.

Stats & Tracking

Bear Hound Diaries includes optional stats views based on your hunt logs. You can filter stats by: • Hound • Date range • Hunts involving certain dogs Stats may include: • Total hunts • Outcome breakdowns • Off-game rates • Dog participation summary All statistics are calculated from your stored hunts. Nothing is uploaded or shared.

Subscriptions

Bear Hound Diaries offers Pro access through two subscription plans: Monthly Plan — \$1.99/month Yearly Plan — \$14.99/year Subscriptions are processed securely through Apple and renew automatically unless cancelled. You may cancel any time in your App Store account settings. The developer does not receive or store your payment information.

Your Data & Privacy

• Your hunt records are stored locally on your device • We do not collect or upload your data • No accounts, ads, or tracking exist in the app • If you change phones, you must restore from device backup to keep your data • If you delete the app without backup, your data cannot be recovered
